

DISADVANTAGED BUSINESS ENTERPRISE (DBE) PROGRAM DIRECTORY

March, 2020

The Civil Rights Office of the Puerto Rico highway and Transportation Authority (PRHTA), and the Department of Transportation and Public Works of Puerto Rico (DTPW), is dedicated to serving the community through various Supportive service programs, one of which is the Disadvantaged Business Enterprise Program (DBE) for minorities and women. The DBE program is designed to remedy the possible discrimination and its effects for the aforementioned groups, in federally-assisted highway, transit, airport, and highway safety financial assistance transportation contracting markets nationwide, and as such is applied in Puerto Rico. The primary goal and objective of the DBE program in the PRHTA and DTPW Civil Rights Office is to ensure that small businesses owned and controlled by socially and economically disadvantaged individuals are given a fair opportunity to compete for federally funded transportation contracts. As per regulation **49 CFR, Part 23 and 26**, the PRHTA and DTPW Civil Rights Office, has prepared a business directory containing information related to business owned and controlled by minorities and women.

This Directory will be distributed and used with the intention of relating minority business concern capabilities to the recipient's needs, make it available to non-minority, minority, general public and women controlled business enterprises.

Each of our sources provided the best information accessible and we have our best to reproduce it correctly. The information included of certified DBEs is intended for reference purposes only.
